## Introduction

**Dhabi Contracting LLC** was established in 1983 under 'Special Category' in the U.A.E. It is one of the best-developed and modernized contracting companies in the United Arab Emirates. It was established by forming a highly motivated team of engineers and support staff with long track records in the UAE. It has built its reputation by introducing innovative state of art technologies in concept, development, design, planning, scheduling and execution of projects.

**Dhabi Contracting LLC** undertakes diversified turnkey construction projects with in-house capabilities for specialized jobs in the field of Civil Engineering works and Electro-Mechanical Engineering. The sphere of its activities include industrial, commercial, institutional, high-rise residential & luxurious villa complexes and sewerage projects. Dhabi Contracting LLC and its staff have a vast experience in executing large and medium sized projects on a turnkey basis

**Dhabi Contracting LLC** carries out general construction concept, design, planning, implementation and execution of diversified projects on a turnkey basis for electrical and mechanical installation, operation and maintenance of commercial and industrial buildings and plants including but not limited to power generation, water and sewage treatment, chilled water systems and extra low voltage systems. Dhabi Contracting LLC. owns a large inventory and range of construction machinery and equipment for carrying out all types of Civil Engineering and Electro-Mechanical Engineering operations.

## Introduction

**Dhabi Contracting LLC** has built its strength from their philosophy of “Single source solution through effective team approach”, and undertaken projects, however large or small, under its renowned guarantee of “Quality and in-time completion”

**Dhabi Contracting LLC** prides itself in its reputation as a business built around people offering excellence and an assured quality product which is second to none with a commitment for the highest technical and managerial abilities and prioritized safety incorporating up to date technology in modern and traditional construction.

This growth can be attributed to the ability to undertake, successfully execute and complete a variety of projects under the management and supervision of experienced administrators, project managers and engineers and employees, supported by adequate transport facilities, machinery and equipment.

## Quality Policy:-

**Dhabi Contracting LLC** is committed to meeting all the requirements of its clients and regulatory bodies at all times and at minimal cost. All employees are responsible for the quality of work carried out on civil, electromechanical services and performance.

They have the authority to ensure that quality requirements are met in full, improve our construction quality, maintain the company's competitive advantage, satisfy its clients and comply with the requirements as defined in international standard **Quality Management System ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007** and also a member of **U.S Green Building Council**.

In summary, the quality policy is:

- ✓ Know all our clients requirements and expectations.
- ✓ Meet those requirements and expectations at all times.
- ✓ Do everything right first time.
- ✓ Do it better next time.

## Health, Safety, Environmental Policy:-

**Dhabi Contracting LLC** is committed to a policy of safe working conditions and practices, for all persons employed upon the project sites and therefore necessary precautions are taken to prevent adverse effects on its employees, its equipment and the physical environment in which its activities are carried out. This commitment to safety is communicated to all employees and its subcontractors by prominent display on the project sites.

It is the responsibility of all employees to understand their role in fulfilling this policy and follow the safety instructions and guidelines for the overall safety and welfare of all.

## Areas of Activities and Specialization:-

### Civil Engineering

The Complete concept, design and site operations from taking over sites, traditional and piled, foundation works, general construction through to final completion and hand-over for occupation and use for all types of buildings and structures including multistory residential and commercial buildings in traditional and specialized modern construction designs and finishes, roads, bridges, luxury villas, interior decoration, landscaping, drainage and sewer schemes, hotels, hospitals and schools and industrial complexes, are some of, but not limited to the areas of civil engineering activity.

### Electrical and Mechanical

Design, plan, implement and execute complete electrical and mechanical installations including but not limited to power plants, generation and distribution networks industrial utilities, HVAC work. Cold stores, sanitary installations, compressed air and LPG systems, electrical installations, fire alarms and fire fighting systems, extra low-voltage systems including BMS, MATV, CCTV, telephone, sound and security systems.

## Company Profile:-

Name of the Company:

Dhabi Contracting LLC.

Ownership:

1. Shk. Nahyan Bin Mubarak Bin Mohamed Al Nahyan.
2. Shk. Mohamed Bin Nahyan Bin Mubarak Bin Mohamed Al Nahyan.

Type of Company:

Limited Liability Company.

Commercial Registration:

**1031841**

Chamber of Commerce  
Membership No:

**11614**

Activities as Registered:

1. General Contracting
2. Oil & Gas Field Services  
(Offshore & Onshore)
3. Electro-mechanical Works

Principles of the QC100 Total Quality Management Model

**Commitment of  
Dhabi Contracting LLC  
to Quality**

Our company accepts quality as a factor of development to become more competitive.

Dhabi Contracting LLC is committed to publicizing this Quality Culture with employees, suppliers, clients and the community, supported by the QC100 Total Quality Management Model, the principles of which are the following:

- 1** Quality is a consequence of valuing customer satisfaction and obtaining positive business results.
- 2** Meet the quality levels established in the company in accordance with the QC100 Points of Quality.
- 3** Encourage participation and teamwork for decision making.
- 4** Satisfy the needs of our clients and meet their expectations.
- 5** Provide human resources, both technical and economic, to achieve continuous improvement and respect for the environment.
- 6** Manage human resources in our company to achieve the maximum potential.
- 7** Make employees aware of the importance of concentration on the most profitable areas of activity, to achieve the best business results.

The achievement of these seven principles by Dhabi Contracting LLC will foster improvement for clients, employees, suppliers and all of the other persons who make up the company.

Geneva, March 11, 2012

General Manager  
Dhabi Contracting LLC

The criteria expressed in this document is the ideological support of the Century International Quality ERA Award, administered by B.I.D. Business Initiative Directions and endorsed by the QC100 Total Quality Management Model.

Dear Samy,

### CONGRATULATIONS ON THE GOLD ERA AWARD

It was a pleasure to meet you yesterday and to hear about Dhabi Contracting 's success particularly in the light of the current economic down turn in the construction industry.

Mostly I enjoyed watching the award ceremony video and listening to your acceptance speech at the ERA award ceremony – "Congratulations from all of us at Shankland Cox".

May you go from strength to strength.

Very best regards,
